Picnic time
Friday, Nov 8, 2019

Today, I went to wild with my best friend for picnic. We bought many fruits, beverage and cooking seasoning. After we arrived wild park, I put the tablecloth on the lawn. And my friend set up the oven. We sat on the lawn to chat for a while. We talked a lot about happy things. After breaking, I started to cut fruits, vegetables and meat. We roasted meat and then enjoyed the food moment. We continued to talk about funny things and enjoyed the sun shine. That's so awesome and excited. So highhhj~~~ happyyyy day!
